BOARD OF DIRECTORS
INVERNESS SECURITIES, LLC

Independent Auditors' Report

We have audited the accompanying statements of financial condition of Inverness Securities, LLC, (the Company) as of December 31, 2005 and 2004, and the related statements of income, changes in member's equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Inverness Securities, LLC at December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS

1. ORGANIZATION

Inverness Securities, LLC (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and the State of Ohio, and is a member of the National Association of Securities Dealers, Inc. (NASD).

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including agency transactions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

Commission income and expenses are reported on a trade date basis as securities transactions occur.

Fees earned upon referral of qualified plan clients and related products are recorded upon acceptance.

Investment advisory fees are received monthly and are recognized as earned over the term of the contracts.

Amounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition.

Cash and Cash Equivalents

The Company maintains its cash in deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any significant losses in such accounts. Management of the Company believes it is not exposed to any significant credit risk.

The Company considers financial instruments with a maturity of less than 90 days to be cash equivalents.

Expenses

Clearing expenses are recorded on a trade date basis as securities transactions occur.

Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Receivables and Credit Policies

Accounts receivable are uncollateralized commission obligations due under normal trade terms requiring payments within 30 days from the report date. The Company generally collects receivables within 30 days and does not charge interest on accounts receivable with invoice dates over 30 days old.

Accounts receivable are stated at the amount billed. Payments of accounts receivable are allocated to the specific invoices identified on the remittance advice or, if unspecified, are applied to the earliest unpaid invoices.

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all accounts receivable balances that exceed 90 days from the invoice date and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Additionally, management estimates an allowance for the aggregate remaining accounts receivable based on historical collectibility. At December 31, 2005 and 2004, there were no accounts receivable that exceeded 90 days past due. In the opinion of management, at December 31, 2005 and 2004, all accounts were considered collectible and no allowance was necessary.

Income Taxes

The Company is a limited liability company whose taxable income or loss is taxed directly to its member. Accordingly, there is no provision for income taxes.

Accounting Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

3. RELATED PARTY

The Company is affiliated through common management and ownership with another limited liability corporation. The Company has an expense sharing agreement with the affiliated company for certain expenses related to rent, salaries and benefits, technology, utilities, and supplies. For the years ended December 31, 2005 and 2004, the Company's allocation of shared expenses totaled approximately \$92,000 and \$65,000, respectively.

NOTES TO THE FINANCIAL STATEMENTS

4. NET CAPITAL PROVISION OF RULE 15c3-1

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital balance, as defined, under such provisions.

The Company's minimum capital requirement is the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as defined, under Securities and Exchange Commission Rule 15c3-1(a)(1), as it does not maintain customer accounts. Net capital may fluctuate on a daily basis. At December 31, 2005 and 2004, the Company had net capital of \$88,361 and \$62,831, respectively, which was \$83,361 and \$57,831, respectively, in excess of its required net capital of \$5,000.

In addition to the minimum net capital provisions, Rule 15c3-1 requires that the Company maintain a ratio of aggregate indebtedness, as defined, to net capital, of not more than 15 to 1. At December 31, 2005 and 2004, the ratio was .070 to 1 and .037 to 1, respectively.

5. EXEMPTION FROM RULE 15c3-3

The Company acts as an introducing broker or dealer, promptly transmitting all funds and delivering all securities received in connection with its activities as a broker or dealer and does not otherwise hold funds or securities for or owe money or securities to customers. The Company operates under Section (k)(2)(ii) of Rule 15c3-3 of the Securities Exchange Act of 1934 and is therefore exempt from the requirements of Rule 15c3-3.

**BOARD OF DIRECTORS
INVERNESS SECURITIES, LLC**

Independent Auditors' Report on Internal Control
Required by SEC Rule 17a-5

In planning and performing our audit of the financial statements and supplemental schedules of Inverness Securities, Inc. (the Company), for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
